## Recommendations

**Received (3)**      **Given (6)**

I am privileged to write in support of my friend and previous literacy coach Rue Avant. Rue was head of the Reading First program at Allendale Elementary in Oakland, California at the time I was on the Kindergarten team.

She was instrumental in implementing professional learning communities in all grade levels K-5. We focused on standard base instruction plans and from the data collected we implemented differentiated instruction for each of our students. My kindergarten students improved in all areas of instruction under her guidance.

Rue is highly professional with many years of coaching experience. She is an advocate of hands on instructional strategies and always makes valuable suggestions to improve teacher performance.

It was a joy to work with her and I use her instructional suggestion in my classes to this day.

I had the great pleasure of working with Rue while she was an instructional facilitator with Oakland Unified School District. I collaborated on professional development for the teachers of her elementary school, with a particular focus on helping teachers make more effective decisions about practice based on data and standards. Rue was highly professional, insightful and collaborative. She had a very strong grasp of the complex issues involved with the task, including issues of equity, diversity and differentiation. She's a
